COMMENT : ATHLETICS : BOXING : GOLF : TURF

NAVAL ATHLETES WILL HOLD MEET

Important Affair at Provincetown or July 4.

DIFFERENT EVENTS

Weight, Sprint, and Distance Men Have Chance, Besides Ball Game and Tug of War.

It has been suggested that on the Fourth of July the crews from the battleships engage in an athletic tourna-ment at Provincetown, Mass., and this suggestion has met with the approval

of the admiral.

It is proposed that a baseball game between the Maine and Missouri be held, beginning at 9:30 in the morning, this to be followed immediately by a tug of war between the Alabama and Illinois, fifty men from each ship competing in this event.

In the afternoon a field and track meet is to be held, the crews of all the vessels to compete. Not more than three entries will be allowed from a ship in any one event. The events are to be as follows:

One hundred-yard dash, 20-yeard dash, 40-yard dash, half-mile run, raile run, hammer throw, shot-jutt, running broad jump, running high, jump, pole vault.

Baseball Game

LATE BATTING RALLY

SAVED ST. PAUL BOYS

A batting rally in the eighth inning enabled St. Paul's, in the Episcopal League, to score three runs and win from St. John's (Washington) by 7 to 6. The game was close throughout and interesting. Wood and Thompson led Baseball Game.

While this is in progress a baseball game between the Kentucky and Kearsarge will be played. After the regular events of the track meet there will be a sack race and a robstacle race.

The first run to be a distance of 150 yards, the second to be over various obstacles, through barrels and the finish to be under a piece of canvas. No prizes have yet been decided upon, but A. G. Spalding & Bros. have proposed a cup to be given to the ship winning the greatest number of points in the track events.

Interesting. Wat at the bat, wi The score:

St. Paul's.

Encouraging Athletics.

J. B. Brine has kindly accepted the position to take complete charge of all the field and baseball athletics for this navy meet, and will be the guest of the navy. While there, final arrangements will be made for the great army and football game, to be played in

Interiors Could Not Land on McCarron's Curves-McKnight Pitched Well But Fielded Poorly.

By opportune hitting Navy downed the Interiors, in the Departmental League, yesterday in a spirited game before one of the largest crowds of the season. Score, 7 to 5,

season. Score, 7 to 5.

The Red Men were unable to land safely on McCarron's benders for more than two hits, and it was by errors and bases on balls that they were able to get to first at all. McKnight, Interior's new pitcher, pitched a good game, but his support was not of the best, his own fielding not being up to the standard.

The score:

NOTES OF THE GAME.

It was Mac versus Mac, with Navy Mac getting the decision. Shorty Hughes made his first miscue of the season.

Bunts figured extensively, and they were hard to handle.

The Middies are steering rapidly toward the pennant.

Krafft had an injured arm which in-terfered with his throwing. However, it did not prevent him from swinging the willow for four safeties.

A number of the Middies of the Italian navy saw the representatives of the American Navy come out victorious. It was a good example.

Collie Wahler made his debut in the league, but the wild throw, letting in a run, was the only thing that he did to signafize the event.

Lott's two-base hit in the seventh de-livered two tallies if a few others child have landed as opportunely the story would be different.

Shorty Hughes was busy disseminating spicy information, and he made some difficult and speedy plays which should square him for making an error.

THEY DESERVE CONGRATULATIONS

interesting. Wood and Thompson led at the bat, with three hits apiece.

navy football game, to be played in New York on Thanksgiving Day. In an interview with Mr. Brine today in regard to the wonderful increase of athletics in the navy, he seemed to voice the sentiment that the navy was hitting the nall in the right place.

Athletics improve the physical well-being of college students, and should prove the greatest benefit to the men on the sea, as they have the effect, it is believed, of attracts we be the effect, it is believed, of attracts we be the effect, it is believed, of attracts we be the effect, it is believed, of attracts we be same spirit that it has started, our navy will be in the hands of the best cass of men in the world, capable of kapping it where it belongs—ahead of all others.
